

A new programme of training & development to support your post-Covid recovery plans

 **REBUILD**  
your future with by **Nescot**

We have launched a new programme of innovative and relevant training and development solutions to support your post-Covid plans.

### **Individuals — Thinking about starting your own business, changing career or upskilling?**

We have a range of courses delivered online or onsite at our campus in Epsom. Distance Learning courses at Level 1 & Level 2 are FREE provided you are over 19 and meet the [eligibility criteria](#).

### **Employers — How can Nescot help your employees develop the skills they need for your business to succeed?**

Our Business Centre team can help to identify skills gaps and provide bespoke and cost-effective training programmes for your business.

- We provide outstanding teaching, learning and assessment by industry experts.
- We help you access government-funded training and incentive schemes.
- We offer flexible and blended delivery models to suit your requirements.
- The content can be personalised to group sessions or individual courses in a format that works for you.
- We continuously review our offering to provide current and relevant course content.
- We can support employees facing redundancy to re-skill, expand their talents or improve their future job prospects.
- Distance Learning courses are free at Level 1 & Level 2 providing you are over 19 and meet the [eligibility criteria](#).

We have launched courses in three categories:

**Start-Ups**

**Health & Wellbeing**

**New Skills**

Distance Learning courses are delivered online with flexible start dates.  
Onsite courses are delivered at our campus in Epsom on fixed dates.  
Blended Learning Courses offer a combination of both online & onsite learning.
